and RNLI

\*\*\*

### Tuesday 7th March

KS2 Sports Hall Athletics Competition  
(Letters to go out next week)

\*\*\*

### Thursday 9th March

Y3 & 4 Beach Schools Trip

Dear Parents and Carers,

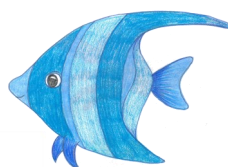

What a fantastic start to the term we have had! Year 5 and 6 have been out and about on their bikes for Bikeability. The instructors praised the children on their manners, resilience and learning throughout the training.

Mr Keaton has also joined us this week to look at how the children are getting on with their creativity projects. This is an opportunity for children to create absolutely anything from drawing to new football tricks, a new dance to a story or poem. We want to see everything and anything. Please encourage your children at home to create something for a chance to win one of the Creativity Award trophies and an afternoon with a professional to support your child in their creative flair. Mr Keaton is back in on Monday - get creating.

*Mr Shaw*

## School value

The character for the value this term is Amery the Angel Fish. Amery represents ambition: the strong desire to do or achieve something.

We will be creating a range of career events throughout the term to help inspire the children. If you could help, please talk to Mr Shaw.

## World Book Day 2023

We would like children to make a mask for the day; joining two animals together to become a unique creation based on our book ***The Barnabus Project***. This could be a cross between any two animals, e.g. elephant/mouse, giraffe/bird or tiger/rhino. If you require any support with materials, please speak to your child's class teacher who will be more than happy to help.

### Parent/Carer Session

For the final session of the day, we would like to invite you to join us for some creative fun from 2:15pm to share the learning in your child's class. We appreciate that some of you might have siblings in school but you will be able to move between classes so you can work with each child over the hour. In an ideal world, we would get the siblings together but we unfortunately don't have the space in school to do that safely for all families.

### Understanding haemophilia

### Race Around the World!

The race around the world is an event is organised by the Haemophilia Society to raise vital funds and awareness to continue to support The Bleeding disorders community.

On the **11<sup>th</sup> March @ 11am**, you can help!

Jacob (Y3) and his friends (whoever would like to join) will be walking, cycling or scooting from North Shore car park, approximately 5.6 miles, to the Observatory at Chapel Point. If you are interested in joining the event, please contact Mrs Green or Mr Shaw for more details. It would be great to support such a good cause.

### EAT THEM TO DEFEAT THEM

The children have done so well this week defeating a lot of vegetables. We've fought off the first wave of carrots, smashed through the cauliflower and demolished the peas.

We know more will come!!! Join the fight!!!

# Learning Around School

## Chapel Champions

	Achievement Award	Values Award
<b>Reception</b>	Ella for amazing use of phonics to write about the three little pigs.	Faith (resilience) for being so resilient when coming into school in the mornings.
<b>Year 1</b>	Ethan for using conjunctions correctly in his writing.	Poppy (communication) for her growing confidence when answering questions in class.
<b>Year 2</b>	Lottie for an amazing week in all areas. Great engagement, questioning and teamwork.	Hannah (resilience) for trying to do even better in each written piece of work even when she finds it tricky.
<b>Year 3</b>	Theo for his motivated attitude towards his learning.	Bryony (ambition) for making a positive decision to try and improve her written work.
<b>Year 4</b>	Maddie W for a super start on adding and subtracting fractions this term.	Zayan (communication) for his super communication skills, especially during maths this week.
<b>Year 5</b>	Hannah for an excellent description using expanded noun phrases.	Keria (communication) for communicating what she already knew about planets so clearly in Science.
<b>Year 6</b>	Mason for his brilliantly detailed retelling of Hansel and Gretel!	Connie (ambition) for deciding to complete an additional Home Learning project after she had already completed her Home Learning Grid this term!
<b>Special Awards</b>	Alex (Y4) – for showing great commitment to his learning by completing extra maths work to develop his understanding	Malachi (Y3) – for impressive tag rugby skills, completing the full session with commitment and showing dedication to improve his skills
