

Family Learning Online Courses

Our free Family Learning courses are open to learners in schools and community venues across the county and are a great way for parents, grandparents or carers to find out how to support their children with what they learn at school.

At the moment this just isn't possible, so we are now offering Family Learning Workshops online. Our experienced tutors will work you for an hour on TEAMS, sharing their ideas for you to do with your child together at home. Book your place on one of our workshops at www.2aspire.org.uk.

Family Learning Workshops

Healthy Treats- Wednesday 20th January at 10am-11am
