Dear Parents/Carers,

As we come towards the end of the academic year it is clear that the children are really engaging in their learning.

Since September, we have had a real focus on ensuring that the children get a fantastic broad and balanced set of experiences (not always easy during COVID-19!). It has been brilliant to see the

children enjoying so many different subjects. Whether this has been Food Technology as part of DT, using Lego We.do as part of Computing, growing plants in our school grounds in Science,

exploring the geography of other countries and cultures or studying significant historical periods of time. This learning is all underpinned by our School Values of Communication, Organisation, Resilience, Ambition, Leadership and Safety. Maybe you could ask your child what their favourite subject at school is?

*Have a good weekend.*

## Holidays in Term Time

We understand no one has been able to 'get away' for a holiday over the last eighteen months or so and that travel restrictions are starting to ease. However, we would like to remind you that the school is not able to authorise any term time holidays it is vitally important now more than ever that the children are in school every day. This follows the new attendance regulations issued by the Government and Lincolnshire County Council, which were enforced from 1st September 2013. The minimum expected attendance is 96%. Thank you for your understanding.

## Drowning Prevention Week

This week is Drowning Prevention week. Our assembly on Monday focused on how to stay safe and the **Water Safety Code**.

The children brought home a word search and an activity to look at

the dangers 'At the Beach' for our competition. The closing day for these is next Friday: July 2nd.

## COVID-19 Notification

If you need to inform the school of any COVID-19 related issues (positive tests, isolation etc) out of school hours please use the school COVID email address: [Covid19@chapel-cit.co.uk](mailto:Covid19@chapel-cit.co.uk) to keep us updated.

Staff, children, parents and carers should follow contact tracing instructions provided by 'NHS Test and Trace'. Thank you.

## Eat Them To Defeat Them

With peppers well and truly defeated this week—well done children. We move onto our next vegetable to defeat. The carrot! Mrs Richardson in our school kitchen has lots of exciting ways to give the children the chance to defeat the carrots!

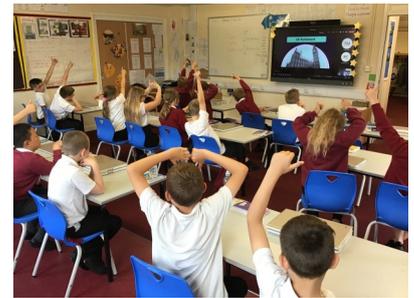

**"It's crunch time carrots!"**
